Concerning Docket No. E-01345A-16-0036 with APS's proposal rate increase. Does the term "Kings and Serfs" ring any bells. Between big corporations and government we are being squeezed past our limits.

We are self employed, have been for 50 years, my husband has worked for an employer on and off also. We retired 6 years ago and went back to work 4 years ago because we couldn't live on our social in/security tat we paid into all these years. 6 years ago we sold our home &n property & down scaled to at small 2 bedroom house to make sure we could continue to live comfortably. A big Corporation lost our small investment we had & said "Sorry bout that!" and my husband at 73 works on friends cars part time to make ends meet & I pet and house sit when not working at our old business we had retired from.

Everyone is never satisfied-they always want more money while ours is gone. I buy groceries on a credit card and try to pay as much as I can when my social security comes in each mo. We have not out any travel. We've wanted to do , don't drink, gamble, take drugs or anything else. We are not going to keep the big Corporations & Government going when they are no more working class?

Sincerely,

Mr. & Mrs. John Zerbe
